Moranbah State High School 2024 Lunchtime Activities

Book Club

Welcome to the Student Book Club! Join us as we explore exciting books, share our thoughts, and discover new stories together. It's a great way to connect with friends, improve your reading skills, and enjoy a variety of genres. Let's dive into the world of books and have fun!

Club Facilitator: Mrs Sharon Mills sxmil5@eq.edu.au

Drone Club

The main focus of this club is to learn flying skills and programming skills in preparation for the annual Whitsunday STEM Challenge (around June each year). We have 10 TELLO drones and 10 iPads. 10 students can fly at a time in the hall at one time because of WIFI and Bluetooth connection between the iPad and the TELLO drone. Juniors and Seniors are held on separate days. Whitsunday STEM Challenge offers students in Years 7-12 the opportunity to compete against other teams in the Mackay & District region across 3 events in drone competitions. This competition offers teams of 3 students to go head-to-head in a speed race, target practice and a real-life scenario to apply their learned drone coding and handling.

Duke of Edinburgh

Our club is dedicated to helping students achieve the prestigious Duke of Edinburgh Award. Through a mix of physical activities, skill development, volunteer work, and adventurous journeys, you'll gain valuable life skills and experiences. Join us to challenge yourself, make new friends, and earn an internationally recognized award. Let's embark on this rewarding journey together!

Club Facilitator: Mrs Sharon Mills sxmil5@eq.edu.au

Dungeons and Dragons Club

Moranbah State High School's Dungeons and Dragons club meets twice a week after school on Wednesdays and Fridays lunch to play Dungeons and Dragons and other tabletop roleplay games. This club is a great way to encourage critical and creative thinking, team-building, and is a place where students build meaningful relationships with each other across year levels.

eSports Club:

The eSports Club meets twice a week in order to practice and hone the skills necessary for an eSports competition, with students having the option of practicing in their own time on the other days of the week. eSports is an exciting new venture in competition that allows students to build confidence, resilience and compete against a variety of competitors both in our school and inter-school. Players in the club hone their skills on Just Dance, Mario Kart and Super Smash Brothers and compete in tournaments organised, assisted and facilitated by our very own Diploma of eSports students. This club is a great way to foster competitive spirit and attitude within students and build resilience against unforeseen upsets and trials, as well as learn to perform in front of a crowd and conquer those pesky nerves!

Facilitator: Mr Adric Dalling adall52@eq.edu.au

LGBTQIA+ Collective

The LGBTQIA+ Collective is an initiative designed to support diverse students in the community. The Collective meets once a week and is a space for students to meet like-minded people. The main focus of the club is supporting the mental health and wellbeing of students.

Facilitator: Miss Tameka Russell truss221@eq.edu.au

Moranbah State High School's First Nations Club

Provides all students with a safe space to yarn and connect, engage in First Nations art or dance, and collaborate on activities and awareness days. It also provides additional assistance with schoolwork and assessments, as well as, offering Indigenous Leaders a chance to interact with younger students, giving First Nations students a voice in our school community.

Sculptural Art / Multi-media Arts.

Come and try a range of art styles in your lunchtime! Come with some ideas and positive vibes to create some artwork. If you're interested in a certain style of art, Ms Bucher can help you find out more and you can create your very own masterpiece. You could collaborate with other artists to create a large scale sculptural piece with your friends, or you might be into creating Paper Mache' Statues or painting miniature portraits. The possibilities are endless. Come to the Art room C003, each Tuesday Lunchtime, from 11am-11:40am.
