Dear Parent / Guardian,

As part of the Moranbah State High School attendance process, we monitor student attendance and notify parents/guardians via text message regarding:

- Unexplained absences
- Lateness to school (both explained and unexplained)

Text messages are sent after Care class (9:10 am), each day. Texts are sent only to parents who have identified that they wish to participate in the text messaging program, and to the elected mobile number. The system is only able to send a text to one mobile number per child.

Text messages may also be sent to notify parents of other school activities, such as the estimated time for a returning excursion, or the returning of permission forms regarding events within the school.

Please complete the section below to identify your involvement in the Text Messaging program.

---

**Text Messaging Program**

Please identify below your preference with regards to the text messaging program at Moranbah State High school.

Students Name: _____________________________________________________

☐ Yes, I wish to receive text messages regarding my child’s attendance, and other information regarding school activities.

The mobile number elected is: ____________________________

☐ No, I do not wish to receive texts regarding my child’s attendance or other school activities.
